### 💼 Professional Summary

Highly proficient and performance-driven Front-End Developer with over 5 years of experience specializing in designing and implementing interactive, scalable, and responsive user interfaces. Expert in JavaScript, React.js, and Vue.js, with a strong focus on clean code, UI/UX best practices, and optimizing web applications for speed and scalability. Proven ability to integrate complex APIs, manage real-time data flows, and build dynamic features like chat windows and user dashboards, including experience with AI-related tools.

### 💡 Technical Skills

#### Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, PHP

Frontend: React.js, Vue.js, Tailwind CSS, Bootstrap, WordPress

Backend: Node.js, Laravel (for API understanding)

#### Tools: Git, Bitbucket, Docker, Postman, RESTful API, Google AI Studio, n8n

Other: Responsive Design, Real-time Chat, File Uploads, Authentication Methods, Deployment, Debugging, UI/UX Best Practices, Cross-Browser Compatibility

### 💼 Professional Experience

#### Frontend Engineer

##### 📍 8box Solutions, Quezon City | Sept 2024 – Present

- Led the development of 10+ React-based web applications, ensuring scalable architecture and interactive user interfaces.
- Boosted application performance by 40% through advanced optimization techniques including lazy loading, memoization, and code splitting.
- Conducted rigorous code reviews and mentored junior developers, fostering best practices for clean, maintainable, and efficient code.

#### React/Vue Developer

##### 📍 LBTEK Systems, Caloocan | Jan 2021 – Sept 2024

- Built and maintained dynamic admin dashboards, incorporating user login and document upload functionalities.
- Integrated REST APIs for real-time data flow, ensuring seamless user experiences and efficient backend communication.
- Managed production deployments, ensuring 99.9% uptime post-release and robust cross-browser compatibility.
- Utilized Git/Bitbucket for version control and actively collaborated in an Agile development environment.

#### WordPress / Laravel Developer

##### 📍 Hivelabs, Malabon | Aug 2020 – Jan 2021

- Delivered custom WordPress themes and robust Laravel solutions, ensuring responsive UI designs within tight deadlines.
- Handled extensive bug fixing, troubleshooting, and code refactoring for legacy systems, improving overall application stability.
- Implemented CMS-integrated functionality, focusing on intuitive user experience and maintainable code.

#### Computer Instructor

##### 📍 Premiere Computer Learning Center, Parañaque | Jun 2019 – Aug 2020

- Delivered lessons in basic to intermediate programming and computer skills, enhancing foundational understanding.

### 🎓 Education

#### BS in Information Technology

##### Informatics College – NorthGate Alabang

##### 📍 Alabang, Muntinlupa City | June 2015 – May 2018

### 📜 Certifications

- React (Basic) Certificate – HackerRank (Oct. 2025)
- Web Development Fundamentals – IBM (Oct. 2025)
- JavaScript Algorithms & Data Structures – freeCodeCamp (Jun 2024)
- Responsive Web Design – freeCodeCamp (Apr 2019)
